A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to prior sale, price change, or withdrawal without notice.

## Description

The Volvo 70 is currently being refitted (april 2025):

- Mast has been taken down
- New rigging has been ordered
- Full rebuild of the underwater hull is in progress & hull sides are being prepared for either painting or wrapping

She is available for a new owner after the Fastnet Race.

For more details or to discuss a viewing, please feel free to get in touch.

### Refit 2019:

All technical systems refitted, the underwater ship redone and a saildrive installed.

Owner: Her big strength is power reaching which her design had been optimised for.

Special features make her outstanding from most other Volvo 70:

- The new saildrive installation was done in a way that the original retractable shaft stayed in place. For serious racing the saildrive can be removed and the original gearbox connected to the retractable shaft within few hours e.g. while the underwater is being cleaned. This feature is unique in all the sailing world.
- The runner winches are connected to the pedestal system so they can be used for gennaker or genoa sheets when peeling or other sail maneuvers like furling without swapping winches for the sheets

## General

### **CANTING KEEL**

- Controls: PLC (new)
- 3x Keel Control Panels (2x at Helm, 1x Companion Way)
- Keel type: steel fin, lead bulb, canting keel

### Hydraulics:

- 1x Engine driven Pump + Controls/Tank
- 1x Electric driven Pump + Controls?

### Tank

## Viewing Arrangements

Due to the corona crisis and the varying locations of our yachts, we offer viewings of yachts for sale anywhere in the world from the comfort of your own home. From live walk-throughs using tools such as WhatsApp, Facetime or Zoom you can literally zoom in to every corner and check out every detail of the decklayout, interior configuration, rig and the engine room.

During these guided tours, together with one of our brokers there is the opportunity to ask our brokers all questions you have as when you make a real-life visit.

Together with our specifications, this package will give you a realistic impression of the volume, layout and condition of the yacht and equipment.

After an online guided tour together with the package of information at hand, you can decide if you like to see the yacht, or wish to send a surveyor to check the yacht. We hope to see you soon online or in real life for a visit on the yacht of your dreams.
