- Main Traveller control 1 Hydraulic, under deck
- Main Cunningham 1 Hydraulic
- Main Outhaul 1 Hydraulic
- Winches Primary 2 Harken 990.3 AD BS HY AAC (Hydraulic)
- Winches Pit 2 Harken 990.3 FD HY AAC (Hydraulic)
- Winch Mainsheet 1 Harken 990.3 AD BS HY AAC (Hydraulic)
- Deflectors 1 Hydraulic
- Lifting Keel 1 Hydraulic

COMMENTS:

Sailing yacht BOTIN 65, which is completed on the Spanish shipyard King Marine late 2015, was originally conceived as a 65-foot performance racer/cruiser. As the basis was taken a successful project of another sailing yacht - CARO.

The 65-foot sailing yacht BOTIN 65 is a truly unique symbiosis of 100% racing yacht with a functional, yet stylishly designed interior that can confidently claim to be a new standard in the world of race-cruisers in the range of 60-70 feet .

She very easily goes to hydroplaning after 10 knots. On reaching at 25-27 knots boat picks up speed of 20-22.

Now to be visited in the Caribbean

Viewing Arrangements

Due to the corona crisis and the varying locations of our yachts, we offer viewings of yachts for sale anywhere in the world from the comfort of your own home. From live walk-throughs using tools such as WhatsApp, Facetime or Zoom you can literally zoom in to every corner and check out every detail of the decklayout, interior configuration, rig and the engine room.
During these guided tours, together with one of our brokers there is the opportunity to ask our brokers all questions you have as when you make a real-life visit.

Together with our specifications, this package will give you a realistic impression of the volume, layout and condition of the yacht and equipment.

After an online guided tour together with the package of information at hand, you can decide if you like to see the yacht, or wish to send a surveyor to check the yacht.We hope to see you soon online or in real life for a visit on the yacht of your dreams.
