Description

The J/100 is the perfect day-sailer, beautiful, manageable and very easy to sail shorthanded, of course, if you are keen to go an extra mile or two she'll rise to the challenge; just ask the guys who did the 2225 mile double handed transpac race between San Francisco and Hawaii!

This is a classic J/100 with a flag blue hull and teak decks. She also has removeable stanchions and guardwires so that she can be raced with them in place to comply with the racing rules, or cruised without them, so as not to interrupt her.
