The Company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to prior sale, price change, or withdrawal without notice.

Description

Wevo 6.5 is designed by architect Oris D'Obaldo and his office Skyron and built by Cima Boats in Grosseto, Italy.

The boat was launched in 8th December 2018 and the owner sailed over 8000 miles with the boat.

About the Wevo 6.5

The Wevo has a round bow, the volume of which lies between that of a Pogo 3 and a Maxi. Everything is designed for absolute weight optimization. The individual parts are manufactured using an infusion process. This makes the structure lighter and at the same time improves its stiffness. She is an innovative boat in shape and materials, ready for ocean sailing in the Mini 6.50 Class
