Description

Owners comments:

The boat was acquired in March of 2020 and has since undergone a major upgrade of all systems, running rigging etc and has been maintained to the highest standard.

The boat in 2021 won the Danish Championship for larger yachts, in 2022 was the fastest boat after corrected time in the Round Sealand race and won a number of local races additionally.

The boat was designed for the IMS rule but will do well and is a fun boat to sail under any measurement system. The boat also has a complete ORC certificate ready to go racing.

Hull, keel and rudder

Viewing Arrangements

Due to the corona crisis and the varying locations of our yachts, we offer viewings of yachts for sale anywhere in the world from the comfort of your own home. From live walk-throughs using tools such as WhatsApp, Facetime or Zoom you can literally zoom in to every corner and check out every detail of the decklayout, interior configuration, rig and the engine room.

During these guided tours, together with one of our brokers there is the opportunity to ask our brokers all questions you have as when you make a real-life visit.

Together with our specifications, this package will give you a realistic impression of the volume, layout and condition of the yacht and equipment.

After an online guided tour together with the package of information at hand, you can decide if you like to see the yacht, or wish to send a surveyor to check the yacht. We hope to see you soon online or in real life for a visit on the yacht of your dreams.
