A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to prior sale, price change, or withdrawal without notice.

Description

The Farr 280 One Design is a new production racing sailboat by Farr Yacht Design that delivers the excitement of grand prix racing to the under-30' one design arena. As a modern one design, the Farr 280 delivers contemporary grand prix features and style to a more achievable smaller boat package. The boat has dynamic performance on all points of sail, with a focus on inshore racing for a moderate crew size of five to six people.

The Farr 280 was designed to perform well not just for inshore racing, but for offshore racing, too. The optional offshore package includes longer stanchions, bow pulpit and stern rail for double lifelines. Certified to comply with ISO/CE category B.

Owners comments:

> *Opportunites like this do not come around too often, our Farr 280 was fully refurbished in 2020 with new halyards, sheets and lines, completely refurbished hydraulic mast jack system and forestay, including new bilges installed and hull touch-ups done, with the built-in Lombardini engine and saildrive fully serviced in 2023. We are confident to say she is in excellent shape, race ready and probably the best maintained and equipped example of Farr 280 that you can ever find. Whether you enjoy club racing, round the cans, or mixing it with the best in inshore and coastal circuit she will certainly tick the boxes. She was kept in great race trim and condition.*

General

- Builder: Premier Composite Technologies
- Hull Material: Glass epoxy vacuum infusion, carbon reinforced

Rigging

- Two-spreader carbon mast
- twin running backstays
- fixed carbon bowsprit (removable for transport)

Viewing Arrangements

Due to the corona crisis and the varying locations of our yachts, we offer viewings of yachts for sale anywhere in the world from the comfort of your own home. From live walk-throughs using tools such as WhatsApp, Facetime or Zoom you can literally zoom in to every corner and check out every detail of the decklayout, interior configuration, rig and the engine room.
During these guided tours, together with one of our brokers there is the opportunity to ask our brokers all questions you have as when you make a real-life visit.

Together with our specifications, this package will give you a realistic impression of the volume, layout and condition of the yacht and equipment.

After an online guided tour together with the package of information at hand, you can decide if you like to see the yacht, or wish to send a surveyor to check the yacht.We hope to see you soon online or in real life for a visit on the yacht of your dreams.
