## Description

?The Corsa 915 is designed by Matteo Polli YD, in collaboration with the Magnani Yachts shipyard.

?She is a versatile sportboat designed for competitive racing and day cruising.

Transportation is simplified with a removable keel and rudder, allowing the Corsa 915 to be trailered or housed in a 40-foot container.

This Corsa has only been used for two months before being stored. The owner received the boat in mid-July 2021 but, due to personal reasons, never had the opportunity to use it for sportboat racing. As a result, the boat was placed in storage and remains in excellent condition. It is owned by a Finnish company but is currently located in Estonia.

Boat is like new!

## Viewing Arrangements

Due to the corona crisis and the varying locations of our yachts, we offer viewings of yachts for sale anywhere in the world from the comfort of your own home. From live walk-throughs using tools such as WhatsApp, Facetime or Zoom you can literally zoom in to every corner and check out every detail of the decklayout, interior configuration, rig and the engine room.

During these guided tours, together with one of our brokers there is the opportunity to ask our brokers all questions you have as when you make a real-life visit.

Together with our specifications, this package will give you a realistic impression of the volume, layout and condition of the yacht and equipment.

After an online guided tour together with the package of information at hand, you can decide if you like to see the yacht, or wish to send a surveyor to check the yacht. We hope to see you soon online or in real life for a visit on the yacht of your dreams.
