## Description

### **Owner's Comments:**

The boat is ready to go and has been fully serviced. Earlier this year, in February, we replaced the bearings on the rudder shaft, completed a full engine service, and renewed the shrouds, stays, and spreaders. The boat has been very well maintained and cared for, making it a reliable and turn-key option for its next owner.

This boat has only been used for short day trips, just like the previous owner before us. It has never been used for racing. The most recent antifouling was applied in February 2025
