

Aeolos Composites AP30 €135,000 VAT excluded

Reference ID: 762

Displacement (Kg):

Builder / Designer: Aeolos

Beam (mtr): 2.91

Model: AP30

Draft (mtr): 2.3

Designer: Peter Zoernack

Displacement (Kg):

Year: 2022

Material: Carbon

Location: Czech Republic

Engine: ePropulsion POD drive

All specifications, performance figures, and equipment details are provided in good faith but are not guaranteed. They are subject to change without notice and should be independently verified by the buyer. The owner and broker assume no responsibility for any errors, omissions, or misstatements. This vessel is offered subject to prior sale, price change, or withdrawal from the market without notice.

Description

Owner's Comments

Owning the Aeolos AP30 has been an incredible experience. I bought her brand new last season and have sailed her in a variety of conditions — she's light, responsive, and absolutely exhilarating to helm. The acceleration and handling are unlike anything else I've sailed in this size range. Even in light winds, she comes alive quickly, and when the breeze picks up, she feels rock solid and balanced.

The boat is designed for simplicity and performance — easy to launch, easy to rig, and surprisingly straightforward to manage short-handed. Maintenance has been minimal, which allowed me to spend more time on the water and less time dealing with logistics.

I'm only selling because I'm moving up to a Class 40 project, otherwise I'd be keeping her for many more seasons. The AP30 is the perfect combination of cutting-edge performance and practical usability. She's fast, fun, and turns heads everywhere she goes.

Anyone looking for a true next-generation performance yacht that's affordable to run and a thrill to sail will love this boat as much as I have.

Rigging

- Payer mast + shrouds 11/2024
- Aeolos carbon boom
- Dyneema Forestay, Backstay 6/2025

Running rigging

Lanex yachting ropes - Dyneema 11/2024 - 5/2025

Viewing Arrangements

Due to the corona crisis and the varying locations of our yachts, we offer viewings of yachts for sale anywhere in the world from the comfort of your own home. From live walk-throughs using tools such as WhatsApp, Facetime or Zoom you can literally zoom in to every corner and check out every detail of the decklayout, interior configuration, rig and the engine room.

During these guided tours, together with one of our brokers there is the opportunity to ask our brokers all questions you have as when you make a real-life visit.

Together with our specifications, this package will give you a realistic impression of the volume, layout and condition of the yacht and equipment.

After an online guided tour together with the package of information at hand, you can decide if you like to see the yacht, or wish to send a surveyor to check the yacht. We hope to see you soon online or in real life for a visit on the yacht of your dreams.
