Description

**A well-equipped and professionally maintained 2012 J/111, launched in January 2013.
A high-performance yacht combining speed, competitive sailing characteristics and offshore capability.**

She features a carbon Hall Spars mast and bowsprit, ROD standing rigging, an extensive sail inventory and comprehensive B&G electronics. Recent upgrades include new antifouling in 2026, a serviced and overhauled Volvo Penta engine, new batteries, folding propeller and updated electronics.

The boat has never been used for serious offshore or competitive racing.

With her impressive specification and excellent range of racing and cruising equipment, this J/Boat is ready to sail and offers an attractive opportunity for both competitive and offshore sailing

Viewing Arrangements

Due to the corona crisis and the varying locations of our yachts, we offer viewings of yachts for sale anywhere in the world from the comfort of your own home. From live walk-throughs using tools such as WhatsApp, Facetime or Zoom you can literally zoom in to every corner and check out every detail of the decklayout, interior configuration, rig and the engine room.

During these guided tours, together with one of our brokers there is the opportunity to ask our brokers all questions you have as when you make a real-life visit.

Together with our specifications, this package will give you a realistic impression of the volume, layout and condition of the yacht and equipment.

After an online guided tour together with the package of information at hand, you can decide if you like to see the yacht, or wish to send a surveyor to check the yacht. We hope to see you soon online or in real life for a visit on the yacht of your dreams.
