Description

Delivered by BENETEAU in Spain in May 2024, this First 44 Performance is a truly exceptional and highly individual example.

Built following a close relationship between the experienced owner and the BENETEAU team, the boat was specified and prepared with one clear objective: to create an exceptionally fast, high-end and perfectly balanced First 44 Performance. The result is regarded by the owner as the fastest First 44 ever built.

The owner, a highly experienced yachtsman with a long history of owning performance yachts, is renowned for keeping his boats in outstanding condition and ensuring they remain fast, competitive and meticulously maintained. This First 44 has received exactly that level of attention from both owner and captain.

Used only in the Western Mediterranean, she has seen limited cruising and just eight regatta events, including delivery trips. Exceptionally well kept and ready for her next owner, she offers a rare combination of performance, safety, comfort and genuine racing potential , even with a small crew.

Viewing Arrangements

Due to the corona crisis and the varying locations of our yachts, we offer viewings of yachts for sale anywhere in the world from the comfort of your own home. From live walk-throughs using tools such as WhatsApp, Facetime or Zoom you can literally zoom in to every corner and check out every detail of the decklayout, interior configuration, rig and the engine room.
During these guided tours, together with one of our brokers there is the opportunity to ask our brokers all questions you have as when you make a real-life visit.

Together with our specifications, this package will give you a realistic impression of the volume, layout and condition of the yacht and equipment.

After an online guided tour together with the package of information at hand, you can decide if you like to see the yacht, or wish to send a surveyor to check the yacht.We hope to see you soon online or in real life for a visit on the yacht of your dreams.
