Deck and Cockpit

The structure is constructed in a female matrix. Vacuum E-glass and Core-cell with epoxy resin are used throughout. The hull is prepared to receive all the internal structure, parts and equipment and be ready to admit the deck. The boat is easy to build, without neglecting the serial production, reduced costs, and measurement and weighting easiness.

- Winches Lewmar Racing
- Blocks Harken Racing
- High load jammers by Spinlock
- Mainsheet and tuning lines systems run underdeck.

Viewing Arrangements

Due to the corona crisis and the varying locations of our yachts, we offer viewings of yachts for sale anywhere in the world from the comfort of your own home. From live walk-throughs using tools such as WhatsApp, Facetime or Zoom you can literally zoom in to every corner and check out every detail of the decklayout, interior configuration, rig and the engine room.

During these guided tours, together with one of our brokers there is the opportunity to ask our brokers all questions you have as when you make a real-life visit.

Together with our specifications, this package will give you a realistic impression of the volume, layout and condition of the yacht and equipment.

After an online guided tour together with the package of information at hand, you can decide if you like to see the yacht, or wish to send a surveyor to check the yacht. We hope to see you soon online or in real life for a visit on the yacht of your dreams.
