Description

Trimaran Dagger board built by Corsair Marine (USA)

Owners comments:

Has a Honda 50 from factory, does 10kts with no wind, goes easily to 15kts in fair winds single handed with the furling C0/genoa. Great pleasure of overtaking full planing speedboats by sail. Top speed 25kts.

When sailing is a multihull, at the dock is a monohull, haul out and beach as a motorboat. Trailerable, just drive her from your backyard to the sailing spot. The most versatile sailboat ever. Unsinkable and can be un/folded single handed.
