Description

Built in 2008, nr 5, by King Marine, Buenos Aires. Designed by Mark Mills.

First race June 2008: Commodores Cup, Cowes, Solent

Active racing in The Netherlands, Belgium, UK, Ireland and France until 2015.

In 2017 she had a total refit and was transformed in a cruising yacht to sail doublehanded. Since 2017 sailing in the Med. On the moment lying in Marina St Elmo, Cagliari, Sardinia.

The KING 40 is a true dual-purpose cruiser/racer which can compete successfully offshore or around the cans, yet still offers a comfortable cockpit and interior for relaxed family sailing. The KING 40 builds on the two most successful designs of this size in recent years, the IRC 39 Mariners Cove and the IRC 40 Tiamat: both UK IRC Champions in 2006. With winning in its genes, the KING 40 has been positioned to ensure that it has the widest possible performance band, with particular focus on light and medium air racing. High stability is encouraged by the IRC rule and ensures pace all the way up the wind range. The KING 40 easily surpasses existing stability requirements for the world's great ocean races.

This is a turn-key IRC race boat that allows the new owner to immediately get out there and be at the top of the leaderboard.

This Mills design still is one of the most competitive IRC boats in this size bracket

The King 40 is built in accordance with the European CE-certification and meets the CE-Directive 94/25/CE Category A "Ocean" for recreational vessels.

King 40 hull number: ARCDBK4005E808

- Interior panelling largely replaced and expanded

Viewing Arrangements

Due to the corona crisis and the varying locations of our yachts, we offer viewings of yachts for sale anywhere in the world from the comfort of your own home. From live walk-throughs using tools such as WhatsApp, Facetime or Zoom you can literally zoom in to every corner and check out every detail of the decklayout, interior configuration, rig and the engine room.

During these guided tours, together with one of our brokers there is the opportunity to ask our brokers all questions you have as when you make a real-life visit.

Together with our specifications, this package will give you a realistic impression of the volume, layout and condition of the yacht and equipment.

After an online guided tour together with the package of information at hand, you can decide if you like to see the yacht, or wish to send a surveyor to check the yacht. We hope to see you soon online or in real life for a visit on the yacht of your dreams.
